Paramedic 2 (Junior paramedic) Role Card

Character:

You are a junior paramedic, assisting the senior paramedic in managing the situation.

Situation:

You are supporting the experienced paramedic in calming the aggressive patient while ensuring the safety of others. Your role is to assist without provoking the patient further.

Discreetly remove any sharp or dangerous objects within the patient's reach. Discreetly check on the other patient. Reassure them quietly if needed. Position yourself to block exits leading to other areas or patients but without appearing confrontational. If signalled by Paramedic 1, call for security or the psychiatric team. Offer small distractions like water or a blanket to redirect the patient's focus, to shift his attention away from what is making him agitated.

Key Behaviour:

Act as a supportive and observant team member. Prioritize safety and help guide the situation toward resolution without directly engaging in conflict. Keep a safe distance.
